What is Lender's Mortgage Insurance? (LMI)

LMI is a type of insurance that's applied to your home loan if your deposit is less than 20% of the property value. It's a one-off payment that insures us for any shortfall in the event that you default on your loan and if the proceeds from the property sale are not enough to pay off the loan in full. You can pay for it up front or add it to your loan and paid off with your loan repayments.

It's important to understand that Lenders Mortgage Insurance insures us, not you.
